

TAKE A VIRTUAL DIVE IN MONTEREY BAY NATIONAL MARINE SANCTUARY

In this activity you will take an underwater virtual scuba dive through kelp forests in the sanctuary and learn about this incredible ecosystem!

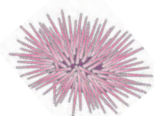

Deep Dive #1: Watch this short [video](#) to learn more about kelp forests!

Deep Dive #2: Read up on this important ocean habitat [here](#).

How many years can giant kelp live?

Deep Dive #3: Visit [here](#) to experience a virtual dive in the sanctuary!

Use your computer mouse to rotate around and explore images.

Pro Tip! Underwater dives are more fun on a smartphone. Use your smartphone with virtual goggles for an extra-immersive experience.

Deeper Dive! Watch this [video](#) to learn how to make virtual goggles at home!

Deep Dive #4: Scavenger Hunt! Can you find these animals during your virtual dive?

List the total number of individuals seen in the different dive locations you explore!

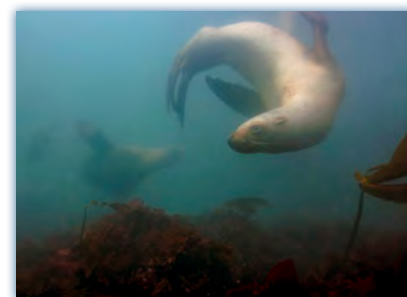

Deeper Dive! Click on each of the photos to learn more about that animal!
