Version Number	Date	Author	Description of update
01	Date of Signature	Antonia Giammo	Implements the CAAC deviation for the Department of the Interior to allow for flexibilities regarding the requirements for hard copy original documents, original signatures, notarization, and seals on bonds in connection with the COVID-19 pandemic.

### Purpose:

This policy issues a class deviation, in accordance with Federal Acquisition Regulation (FAR) 1.404, Department of the Interior Acquisition Regulation (DIAR) 1401.404, and [Attachment 1 - CAAC Letter 2020-04, Class Deviation from the Federal Acquisition Regulation \(FAR\) to Eliminate Hard Copy Original Documents, Signatures, Notarization, Seals on Bonds and Other Seals for Certain Contract Requirements](#). This class deviation allows for flexibilities regarding the requirements for hard copy original documents, original signatures, notarization, and seals on bonds in connection with the COVID-19 pandemic.

### Scope:

This policy applies to DOI FAR based contracts for which hard copy original documents, notarization, and/or seals are required.

### Effective date:

This policy is effective upon signature and remains in effect until rescinded. This policy will be reviewed after the COVID-19 emergency passes.

**Background:**

The COVID-19 pandemic, declared a public health emergency on January 31, 2020, has caused difficulties in obtaining the services of notaries public. Additionally, it has caused issues for vendors to produce manual signatures and for sureties to provide seals on their bonds. FAR 2.101 currently defines “signature” or “signed” to include electronic signatures, and FAR 4.502(d) expressly authorizes agencies to “accept electronic signatures and records in connection with government contracts.” CAAC Letter 2020-04 authorizes a class deviation to allow for additional flexibilities regarding hard copy original documents, signatures, notarization, seals on bonds and other seals for certain contract requirements during the COVID-19 pandemic. This policy implements a class deviation in accordance with CAAC Letter 2020-04.

**FAR Text:**

When obtaining financial protection against losses under contracts per FAR part 28:

- 28.101-3(c) allowing the use of electronic means is moved to an added section at 28.002 to apply the same flexibilities to all of part 28;
- 28.106-1 adding an exception to stamping a corporate seal on bonds;
- 28.106-8 allowing a signed statement by the contractor that the payment is due and owed;
- 28.203(b) not requiring the Standard Form 28 to be sworn and notarized;
- 28.203-5 allowing a written authorization of the release signed by the surety saying that it approves of such release;
- 52.228-11, Pledges of Assets (Aug 2018)(DEVIATION APR 2020), not requiring the Standard Form 28 to be sworn and notarized, in place of 52.228-11, Pledges of Assets (Aug 2018);
- 52.228-15, Performance and Payment Bonds—Construction (OCT 2010)(DEVIATION APR 2020), not requiring the seal when executing the standard forms required by the clause; and

- 42.1205(b) not requiring a seal on the Change-of-Name Agreement.
