## COLLABORATION AND SYNERGIES

1. Collaboration is defined as two or more grantees working on the **exactly the same project** in their respective states and/or territories. Collaboration does not include merely sharing resources or information with each other. This section of the Project Narrative is about jointly-funded grant activities shared among one or more grant partners.

*If there are no jointly-funded shared tasks with another Grantee, then check this box and leave the rest of this page blank:*

No jointly-funded tasks with any other Grantee.

2. List any tasks above that will be directly worked on collaboratively with any other grantee. State the Task and task number from your grant as well as the name of the other grantee and its specific Task and task number for this same activity. For this activity to count as being collaborative, your Task/Task must also appear on your collaborative partner's FY24 Grant Narrative in this same space.

This grant Task #	Grant partner name & Task #	Short description of collaborative task

3. Describe with whom and how you will work collaboratively on the task(s) listed in the table above.
