

MANUFACTURING / DISTRIBUTION FACILITIES

Coating Systems

Sherwin-Williams provides a full range of coating solutions to protect and beautify every area of your manufacturing/distribution facility. Your local Sherwin-Williams representative can assist in developing specifications for your performance, budget, deadline and VOC requirements.

Interior Finishes

- A Harmony® Interior Acrylic Latex**
Contains odor eliminating technology to reduce common indoor odors and help rooms stay fresher longer. Delivers very good hide and withstands frequent washings. Anti-microbial agents resist mildew formation on the paint surface. Formaldehyde reducing technology in the flat and eggshell helps promote better indoor air quality by reducing VOCs from possible sources like insulation, carpet, cabinets and fabrics. Has achieved GREENGUARD GOLD Certification.*
- B ProMar® 200 Zero VOC Interior Latex**
The first complete professional line that not only has zero VOCs, but is also available in four sheens and all colors including accents. Delivers excellent durability, hide and touch-up. Meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*
- C ProClassic® Waterbased Enamels**
Exceptional adhesion, excellent flow and leveling, non-yellowing make ProClassic an excellent choice for doors and trim, cabinets and furniture. ProClassic Enamels feature all the benefits of waterbased enamels without sacrificing adhesion, durability and block resistance.
- D Dry Erase Coating**
Allows you to turn any wall into a dry erase board without sacrificing the wall's original color. Dries to a smooth, clear gloss surface that is non-yellowing, with no ghosting or shadowing. Has achieved GREENGUARD GOLD Certification.*

High-Performance Finishes

- E Pro Industrial™ Waterbased Catalyzed Epoxy**
High-performance coating that is hard and tough with exceptional resistance to abrasion, impact, corrosion, chemicals, stains, scrubbing and blocking. Flows and levels to a smooth finish and meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*
- F Pro Industrial™ Acrylic Coating**
Easy-to-apply coating for commercial spaces. This acrylic is for interior or exterior use. It has exceptional stain resistance, is fast drying, flows and levels to a smooth finish and it meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*

- G Pro Industrial™ Pre-Catalyzed Waterbased Epoxy**
Advanced toughness and durability in a single-component coating. It is resistant to most commercial cleaners and has excellent stain resistance. Flows and levels to a smooth finish with effortless application and meets the most stringent VOC regulations.
- H Pro Industrial™ High Performance Epoxy**
A hard and tough coating with exceptional durability and chemical resistance. A high solids, high build coating, it has excellent scrubability and resists stains and blocking.
- I Pro Industrial™ Urethane Alkyd Enamel**
A general-purpose maintenance enamel fortified with urethane resin for durability. It provides good exterior color and gloss retention and flows and levels to a smooth finish. It has excellent stain resistance and stain blocking properties.
- J Pro Industrial™ Multi-Surface Acrylic**
A surface-tolerant utility coating with excellent stain blocking properties. Self-priming directly to multiple surfaces with excellent one-coat hide and adhesion. Excellent exterior gloss and color retention and excellent stain resistance. Dries fast with dryfall properties.
- K Pro Industrial™ Waterborne Acrylic Dryfall**
Dries to a removable dust in an approximate 10-foot fall. Excellent hide and compliance with the most stringent VOC regulations.

Exterior Finishes

- L Duration® Exterior Acrylic Coating**
Formulated with PermaLast® technology, which results in a thick, flexible layer for excellent hide and protection from peeling and blistering. Duration provides a mildew resistant coating. It is self-priming and requires just one coat for repaints and two coats for new work.
- M Resilience® Exterior Acrylic Latex**
Provides outstanding hide and durability plus ease of application. With Resilience, the threat of rain or dew will not slow down or delay the job because it is specially formulated with MoistureGuard™ technology, which resists moisture twice as fast as standard exterior latex coatings.

- N Loxon XP® Masonry Coating**
This direct-to-concrete and masonry high build coating offers maximum performance in one less coat, with no need for priming. Using proprietary technology, Loxon XP goes on thick to provide exceptional resistance to alkali, efflorescence and wind-driven rain. Meets the most stringent VOC regulations.
- O UltraCrete Texture Coating**
Provides an attractive, economical textured finish for masonry substrates, and is especially good for adding interest to tilt-up surfaces. The spray-on formula minimizes surface irregularities and imperfections for an attractive final appearance that lasts.

Floor Coatings

- P ArmorSeal® Floor Coatings**
A broad range of epoxies, urethanes, primers and patches for light to heavy traffic areas combining both aesthetic appeal and high performance.
- Q General Polymers® High-Performance Floors**
A comprehensive line of high-performance industrial and decorative floor coatings offering outstanding durability and aesthetics. Products include epoxies, urethanes, slurries and trowel mortar systems.

Chemical Resistant Finishes

- R Primary & Secondary Containment Coatings**
A full portfolio of chemical resistant coatings and linings for chemical storage areas, battery recharge, secondary containment and interior tank lining applications.

FLOORING SOLUTIONS

A wide selection of name-brand carpeting, vinyl, wood and ceramic flooring plus 24-hr turn and reliable installation.

Your single-source supplier for all the solutions that keep the needs of manufacturing and distribution facilities covered.

- A wide range of high-performance coating systems for walls, ceilings, roofs and concrete surfaces.
- Heavy-duty floor coatings and decorative flooring systems including slip resistant options.
- Safety marking coatings for walls, handrails and floors.
- Abrasion resistant coatings for equipment and machinery.
- Chemical resistant coatings and linings for storage and containment areas.
- Coating options that meet the most stringent VOC regulations.
- Product innovations like Dry Erase Clear Coating — turns most any wall into a dry erase board; Tuff Surface™ Premium Texture Finish easily applied for a knockdown, splatter or orange peel texture; and Pro Industrial™ Anti-Graffiti Coating for easy graffiti removal.
- All latex and waterbased paints are tinted with ColorCast Ecotoner® colorants, which do not add to the VOC content and won't compromise the thickness or coverage of the paint. Only Sherwin-Williams has color formulas calibrated specifically for every product and every sheen to provide outstanding color accuracy and vibrancy.
- From carpet and vinyl to tile and ceramic, a wide selection of flooring is available with fast, professional installation.
- Color design services to help create appealing areas that foster employee satisfaction and enhance productivity. Our specialists can recommend wall color combinations or coordinate paints, window treatments, hard surfaces and flooring to help make the color selection process easier.
- With more than 4,000 stores and 2,400 representatives, we provide fast, local service and onsite assistance. Products are readily available at Sherwin-Williams stores every day.
- Your Sherwin-Williams representative can provide a Custodian™ Report detailing all of your products and colors for easy future maintenance.
- Centralized account management and national account teams offer customized solutions that can help standardize purchases, stabilize costs, simplify processes and maximize supply chain efficiencies.
- Sign up on myS-W.com to manage your account online. Access your balances, make payments, set communication preferences and save your favorite products, colors and more.
- Savings every day to every pro with ProDiscounts.™ Save 15% off list price on painting supplies; 20% off list price on case lot quantities on over 150 popular items and volume pricing on paints and coatings with your Sherwin-Williams pro account.

We can help you standardize purchases, stabilize costs, consolidate orders and directly source your products. We own our own manufacturing and distribution facilities, stores and transportation fleet, which means our buying power and resources ensure you get the best value and complete consistency. We have been serving the professional market since 1866. No other company is better trained or better prepared to assist you. Just ask Sherwin-Williams.

Sherwin-Williams provides high-performance solutions that meet your requirements for aesthetics and durability.

Sherwin-Williams is committed to developing innovative coatings and programs to help you control maintenance expenditures, maximize efficiencies and protect assets.
