

# Quarterly Management Tool/Strategy Tracking Sheet

Year: \_\_\_\_\_ Pest: \_\_\_\_\_

Use this sheet to quarterly track specific management tools/strategies that are implemented. This sheet is divided into non-chemical and chemical management. Utilization of this sheet requires knowledge of fly identification and appropriate, species-specific management strategies. Refer to "Fly Management Tools and Strategies" in the Fly ID Resource for more information.

Nonchemical Management					Chemical Management			
Monitoring Period	Management Tool/Strategy	Product Name or Description	Date Implemented	Notes	Management Tool/Strategy	Product Name or Description	Date Implemented	Notes
	<input type="checkbox"/> Hygiene, Sanitation, Substrate Management				<input type="checkbox"/> Insecticide-Impregnated Ear Tags			
	<input type="checkbox"/> Nonchemical Feed Additives and Bio-Pesticides/Sprays				<input type="checkbox"/> Mechanical/Physical – Odor-Based Traps and Baits			
	<input type="checkbox"/> Mechanical/Physical – Nonchemical Traps/Attractants, Screens, UV Lights, Targets				<input type="checkbox"/> Dust Bags and Back Rubbers			
	<input type="checkbox"/> Biological – Competitors (i.e. Dung Beetles)				<input type="checkbox"/> Sprays and Pour-Ons			
	<input type="checkbox"/> Biological – Parasitoids (i.e. Parasitic Wasps)				<input type="checkbox"/> Feed-Through Additives and Insect Growth Regulators (IGRs)			
	<input type="checkbox"/> Biological – Predator (i.e. Mites and Beetles)				<input type="checkbox"/> Other:			
	<input type="checkbox"/> Other:
