

### **IMD's warnings through APIs and Social media**

Do you know that India Meteorological Department has taken various initiatives in recent years for improvement in data reception and dissemination of weather forecast and warning services based on latest tools and technologies? It includes dissemination of forecast and warnings through website, email, SMS and Social Media such as Facebook, Twitter, Instagram etc.

Public Website	<a href="https://mausam.imd.gov.in">https://mausam.imd.gov.in</a>
IMD Apps	Mausam/ Meghdoot/DAMIN/RAIN ALARM, UMANG
Twitter	<a href="https://twitter.com/Indiametdept">https://twitter.com/Indiametdept</a>
Facebook	<a href="https://www.facebook.com/India.Meteorological.Department/">https://www.facebook.com/India.Meteorological.Department/</a>

India Meteorological Department has developed APIs for various observations and forecast products. The detailed link is given below:

[https://mausam.imd.gov.in/imd\\_latest/contents/api.pdf](https://mausam.imd.gov.in/imd_latest/contents/api.pdf).

If any organization is interested to use these APIs following IMD's terms and condition then they can contact to the Nodal officer Dr. Sankar Nath, Sc-E, IMD, New Delhi
